It is easy to reset your password in [MyEvent](#), first of all visit <https://myevent.com/login>

1. Below the login fields, click the link **Forgot Password**
2. Type in your email address and then click on the **Send Password Reset Link** button
3. **Important:** Using the same device, access your email and click the link in the email to set and confirm a new password
4. Once set, you can then log in with your email address and newly set password

The screenshot shows the MyEvent website's password reset interface. At the top, there is a dark header with the MyEvent logo on the left and links for 'Contact Us', 'Login', and 'English' on the right. The main content area has a light gray background. In the center, there is a circular icon containing a red key. Below the icon, the text 'Create new password' is displayed, followed by the instruction 'Create a strong and memorable new password.' There are three input fields: 'Email address' with the value 'matthew@myevent.com', 'Password', and 'Confirm password'. Each field has a red eye icon to toggle visibility. At the bottom of the form is a blue button labeled 'Reset Password'.

Note: Remember to use the same device to reset your password, receive the confirmation e-mail, and password reset it. For example, complete the whole process on a single laptop, tablet, or phone.
