The **Basic Package** includes a free webpage and a useful set of tools and features to get your event online. The basic package includes the following essentials.

Website Essentials

- A DIY site builder with one page
- A responsive site that works on phones, tablets, and computers.
- Custom color theme and design options to match your reunion style.
- Ability to upload and update your own content, text, and images.
- Sell tickets or accept registrations right on the page.
- Show “Who’s coming” to build excitement.
- Display your event location map and countdown to the reunion date.

The Basic package is free to create and host your webpage. Standard processing fees apply if/when you sell tickets or take donations; there’s no monthly hosting fee or subscription cost on the basic package.

If you require more customization, more pages, and more features (like profiles, memorials, galleries, broadcast emails, etc.), you can upgrade to Premium or the Works plans.
