February 1, 2024

Dear Family and Friends,

The Multi-Family Foundation Scholarship Committee is seeking sponsors to create a **“FUN” and “EXCITING” COOKBOOK** showcasing family recipes, family photos, sharing special moments and historical information.

This fundraiser will support the Enrichment Program for youth and young adults with a desire to attend extra-curricular activities and courses where they can receive advanced academic instruction and discover interests outside of the classroom setting. Enrichment programs come in many forms. The most common formats include academic, sports and recreation, arts, science and technology, and language programs.

The Multi-Family Foundation Enrichment Program’s mission is to award grants to encourage and prepare our youth at an early age to be more competitive for scholarship opportunities such as our Multi-Family Foundation Scholarship when they become eligible and when applying for college scholarships.

Thank you for taking the time to consider our request. We appreciate your interest in partnering with us. Together we can create and more promising and brighter future for our youth.

Sincerely,

The Multi-Family Foundation Scholarship Committee
