

Battle 2023 goes Back to the 80's with a new Presenting Sponsor and a cause close to our hearts

October 17, 2023 – It's time to get out those neon colored pants, jazzercise clothes, leg warmers and shoulder pads as the 2023 Donald Berman Maimonides Battle of the Bands goes Back to the 80's on December 5 and 6, 2023 at Mtelus.

The 2023 Donald Berman Maimonides Battle of the Bands, is thrilled to be partnering with Scotiabank and its subsidiaries Jarislowsky Fraser, Scotia Wealth Management, Roynat Capital and MD Financial Management as the Presenting Sponsor of this year's event.

"Scotiabank is proud to support Battle of the Bands, a valued community event that raises much-needed funds for the Centre's residents ", says Maria Mangiocavallo, Scotiabank's Regional Vice-President, Commercial Banking, Quebec.

Each of the bands, made up of well-known Montreal entrepreneurs, lawyers and doctors will be performing the soundtrack from an era when Michael Jackson's Thriller was the best-selling album and Michael J Fox's Back to the Future was all the rage!!!.

Andy Nulman hosts the show, with lots of surprises along the way. This year, the ever-popular auction is online. Back by popular demand, Donald Berman Maimonides will be rolling out the red carpet for its sponsors and special guests with a cocktail reception in the Delmar VIP Lounge.

Battle 2023 is raising money for innovative and exciting programs to improve the lives of our residents NOW. That includes the Hololens Project which enables our residents to get a medical consultation with a doctor at a hospital without ever having to leave their bed, a portable digital X-Ray machine which allows residents to have medical imaging done in their rooms and digitally transmit the results for analysis directly to the radiologist and Virtual Reality goggles which allow our residents to simply put on a headset and they're immediately transported into an immersive experience.

This year, a portion of the proceeds from the event will go to Magen David Adom which provide ambulances, medical equipment and first responders on the ground in Israel. Together, we are a community.
